

MITRE ATT&CK Defender™

Chriss Knisley

13 May 2021

Survey results show high value of ATT&CK knowledge and skills

- **82%** of respondents know ATT&CK, only 8% use it
- **70%** of hiring managers seek out employees who have the skill to apply ATT&CK
- **86%** said they would like to learn more about how to apply ATT&CK
- **73%** found it valuable to have credentials validating mastery in applying ATT&CK

MITRE ATT&CK Defender

Forging a New Generation of Certified Advantaged Defenders

Why ?

Existing certification and training efforts leave a gap in meaningfully improving cybersecurity

Many certifications don't validate skills, they test regurgitated facts

Even well-regarded certifications tend to cover basic or intermediate skills

Courses are expensive and inaccessible to many talented practitioners

Programs don't keep pace with agile adversaries

Free Training

- Growing library of free video-based training available through our partner, Cybrary
- Courses include:
 - ATT&CK Fundamentals
 - ATT&CK SOC Assessments
 - ATT&CK CTI
- New courses planned include:
 - ATT&CK Threat Hunting
 - ATT&CK Threat Emulation

Assessment & Certification

- 8 “Badges” or micro-credentials available today
- Badges “stack” to earn Certifications
- 2 Certifications:
 - ATT&CK Cyber Threat Intelligence
 - ATT&CK Security Operations Center Assessment
- ATT&CK Threat Emulation launching later this year will feature new badges and a new Certification
- More than memorization
- Living Certification

Earn badges and certifications in the practical application of ATT&CK

MITRE ATT&CK® experts are forging a new breed of certified advantaged defenders, better prepared than ever before to stop agile adversaries with threat informed defense.

Annual Subscription Provides

- ✓ Unlimited access to ATT&CK certification exams
- ✓ Bite-sized ATT&CK training
- ✓ Experiential and range-based exams
- ✓ Continuous updates to keep pace with agile adversaries

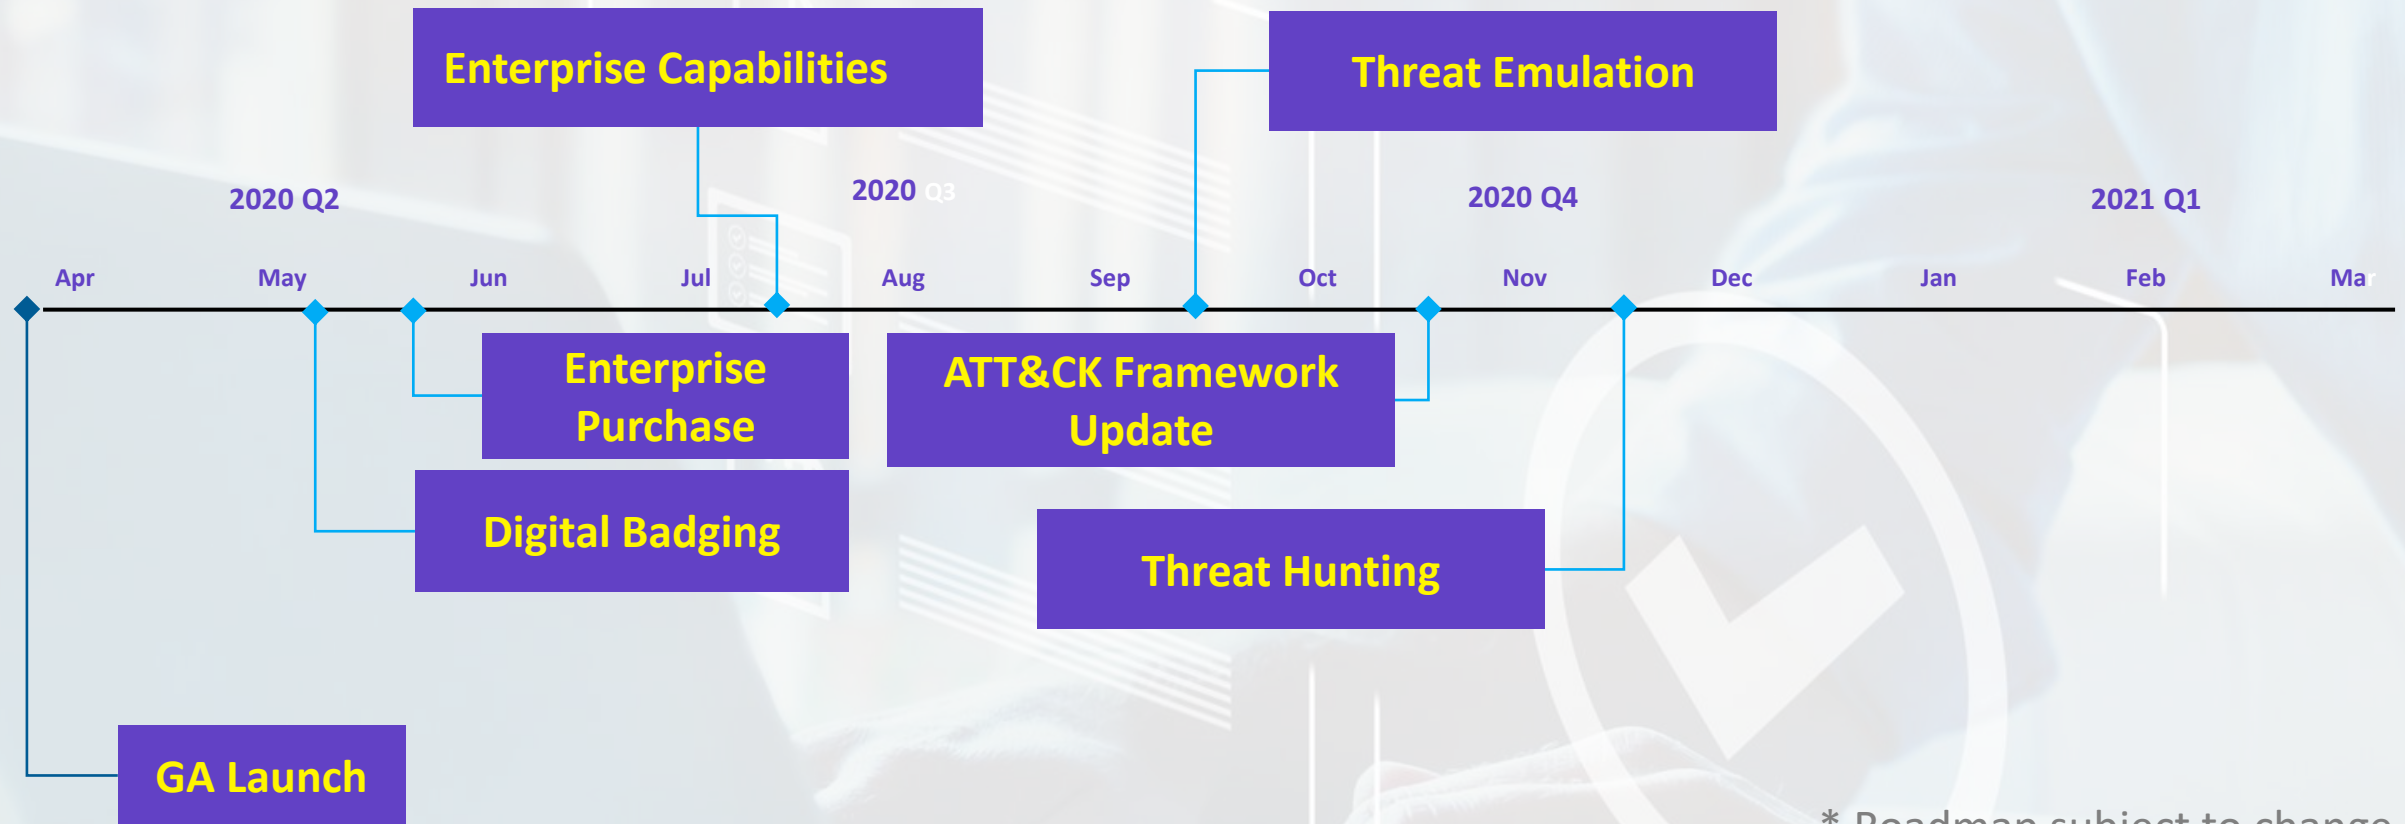

Learner Engagement is Strong

MAD Learners

750 Badges Awarded
136 Certifications Earned

New Capabilities, Courses and Certifications Coming

* Roadmap subject to change
